2. The Circular No. 20/2019 Ref: IGFR/Pending Bills/01/A(24) from the Ag. 3. The determination to stop the transfer of funds to the county governments was informed by the fact that the governments had made no effort to clear eligible pending bills between 1st July, 2019 and end of October, 2019
4. The County Governments affected were fifteen (15) namely-
 - a) Narok,
 - b) Machakos,
 - c) Nairobi City,
 - d) Vihiga,
 - e) Isiolo,
 - f) Tana River,
 - g) Migori,
 - h) Tharaka Nithi,
 - i) Bomet,

13. The Committee made the following observations-

- a) That pursuant to Article 225(1) of the Constitution and section 96(1) of the Public Finance Management Act, 2012, the Cabinet Secretary was within his powers to stop the transfer of funds to county governments where the Cabinet Secretary finds a county government entity to be in serious or persistent material breach of its obligations or financial commitments;
- b) That the power to stop the transfer of funds to a county government was tempered by several provisions in the Constitution and the PFM Act.
- c) Some Counties experienced a huge discrepancy between the pending bills that were received at the handing over, the report of the County Pending Bills Verification Committee and the Audit verifications by the Office of the Auditor General.
- d) That unrealistic own source revenue projections were a major cause of ineffective county budget implementation. This resulted to counties incurring expenses without corresponding revenues to settle expenditure obligations.
- e) From the Submission received by the Committee, it was observed that most of the Counties had made significant effort to clear the pending bills as at 30th November, 2019.

14. The Committee made the following recommendation, That, -

- a) The County Governments having made substantial progress towards settling the Pending Bills, the Committee recommends that the House does not approve the decision of the Cabinet Secretary, National Treasury to stop the transfer of funds to the listed fifteen (15) County Governments.
- b) The Controller of Budget and the National Treasury should submit to the Senate a report detailing the status of payment of pending bills and reconciled amounts of pending bills of all the Counties within by 5th March, 2019.
- c) The National Treasury to review the IFMIS system to provide for ageing of creditors.
- d) The Public Finance Management Act, 2012 be amended to provide for payment on a First-In- First- Out (FIFO) basis. This will ensure compliance with various accounting standards which treat debt repayment as a first charge on revenue.

- e) The National Treasury and County Governments to enhance technical capacity in budgeting and accounting in the County Treasury to ensure adherence with the principles of public finance and Standard Charts of Accounts.
- f) The Public Finance Management Act, 2012 be amended to ensure payments are made on time by introducing a prompt pay system where if a valid invoice is not paid within certain time, it automatically attracts interest.

Controller of Budget (COB) report on the special audit by Office of the Auditor General (OAG) indicated that out of a total Kshs. 88.98 billion pending bills presented for audit to the AG, bills amounting to Kshs. 51.2 billion were reported as payable while Kshs. 37.7 billion lacked sufficient documentations to support services rendered or work done and therefore not recommended for payment.
3. During the meeting of Intergovernmental Budget and Economic Council (IBEC) on 18th June 2019, it was resolved that The National Treasury would release at least Kshs. 65 billion to the Counties on or before 30th June 2019 to enable settlement of the eligible pending bills in the first instance and the balance if any for running their functions. National Treasury henceforth released Kshs. 65 billion to all the Counties as agreed. Our analysis shows that the following twelve (12). They are:
 1. Elgeyo Marakwet
 2. Homabay
 3. Kajiado
 4. Kericho
 5. Kilifi
 6. Kwale
 7. Laikipia
 8. Makueni
 9. Nyamira
 10. Nyandarua
 11. Nyeri
 12. Uasin Gishu

In addition, the following twenty (20) Counties have demonstrated efforts to clear their pending bills by paying between 51 percent and 99 percent;

1. Taita Taveta (51)
2. Turkana (52)
3. Kisumu (56)
4. Meru (61)
5. Samburu (61)
6. Nakuru (64)
7. Murang'a (69)
8. Mandera (69)

| 14. Transzoia (80) | 19. wajir (96) |
| 15. Kittli (89) | 20. Lamu (98) |

4. However, the following 15 County Governments have not complied with the IBEC resolution and have not made any effort to clear their pending Bills between 1st of July and end of October 2019;

- | | |
|----------------------|------------------------|
| 1. Narok (9) | 9. Tana River (22) |
| 2. Machakos (16) | 10. Migori (24) |

| 7. Garissa (43) | 15. Baringo (44) |
| 8. Kiambu (41) | |

5. During the same meeting, it was agreed that each County Government should establish an ineligible Pending Bills Resolution Committee to develop a framework for resolving ineligible pending bills contained in the special report of the OAG. As at 28th October 2019, COB reported that out of the 47 Counties, twenty-eight (28) had established the Committees.

6. National Treasury Decision was based on Article 225 of the Constitution, which mandates the National Treasury to intervene at the County level for purposes of expenditure control in cases where Counties are involved in serious or persistent material breach of the law relating to public finances. Such serious or persistent material breach have been elaborated in the PFMA Section 94(1) (A)

7. In line with that, The National Treasury;

- i) Invoked the powers under section 97 of the PFMA to immediately stop the transfer of the FY 2019/20 equitable share of revenue with effect from 1st December 2019 due to the 15 county governments that have not made any effort between 1st July and the end of October 2019 to clear the stock of their eligible pending bills in accordance

with the law. These counties have persistently refused to pay the eligible pending bills which as you know should form a first charge.

- ii) To stop the transfers of Conditional Grants to these 15 Counties for this Financial Year 2019/2020.
 - iii) to continue monitoring the stock of debt of pending bills which is estimated at Ksh 28 billion and take appropriate measures to ensure prompt payment.
 - iv) To monitor the process of establishment of ineligible pending bills committees by the county government as directed by the IBEC as well as the verification of the ineligible pending bills and status report of the ineligible bills submitted.
8. Section 97(2) of the PFMA 2012, states that not later than seven days after the date of the decision to stop the transfer of funds, the Cabinet Secretary shall seek approval from Parliament. The National Treasury had written a letter dated 25th November 2019 forwarding the Circular to Parliament seeking their approval.
 9. Additionally, in respect to Section 97(I)(a), National Treasury had written a letter to the Controller of Budget (COB) informing of National Treasury's decision to invoke the stoppage of transfer of equitable share of revenue for FY 2019/20 to the 15 County Governments with effect from 1st December, 2019.
 10. Members of the Committee informed that the Cabinet Secretary that they supported the move. They however cautioned that services that were crucial such as Health Services should not be interrupted. Additionally, members indicated that the process should be done openly void of corruption and favoritism as has been the past. It was said that pending bills that should be paid as bills that were received first, meaning First in and first out.
 11. Members also raised concern at some of the data presented by the Cabinet Secretary. This is because some counties requested funds from the Controller of Budget, however once the funds were released to pay service providers, counties used that money to do something else.
 12. The Committee was informed that critical services would not be affected by the stoppage of funds. Additionally, the stoppage of transfer of funds would only affect the 50% of the equitable share which is apportioned for development.

COMMITTEE OBSERVATIONS AND RECOMMENDATIONS

Observations

The Committee made the following observations on the Bill-

1. That the Cabinet Secretary may, pursuant to Article 225(1) of the Constitution and section 96(1) of the Public Finance Management Act, 2012, stop the transfer of funds to county governments where the Cabinet Secretary finds a county government entity to be in serious or persistent material breach of its obligations or financial commitments;
2. That the power to stop the transfer of funds to a county government is limited within the following safeguards under the Constitution and the Act-
 - (a) within seven days of the decision to stop the transfer of funds, the Cabinet Secretary is required to seek the approval of Parliament. The decision to stop the transfer of funds is contained in a National Treasury Circular dated 19th November, 2019. The Cabinet Secretary is therefore required under the law to seek the approval of Parliament on or before 26th November, 2019;
 - (b) the Cabinet Secretary is also required to inform the Controller of Budget the date from when the stoppage of transfer of funds takes effect and the nature of serious material breaches or persistent material breaches committed by the State organ or public entity;
 - (c) the Controller of Budget is then required to investigate the matter and submit a report to Parliament in accordance with Article 225(7) of the Constitution within fourteen days of the decision to stop the transfer. As the decision to stop the transfer was made on 19th November, 2019, the Controller of Budget is required to transmit the report to Parliament on or before 3rd December, 2019;

3. Some Counties experienced a huge discrepancy between the pending bills that were received at the handing over, the report of the County Pending Bills Verification Committee and the Audit verifications by the Office of the Auditor General.

5. Delayed exchequer releases was also a major challenge it led to delayed payments for services rendered and hence pending bills.
6. That Cess that was previously paid by companies to the county governments have been put to hold due to court orders and this had affected some county own source revenue.
